ISGT 2014 Panel

Scalable Microgrids for Increasing System Reliability, Security, and Resiliency

1:00-2:30 PM, 2/19/2014

Chair: Hashem Nehrir

Montana State University

IEEE PES Power & Energy Society®

IEEE

Presentations

- **Ratnesh Sharma**, NEC-Labs America:

  On Sustainable Design and management of Microgrids

- **Kevin Schneider**, Pacific Northwest National Laboratory:

  Smart Power Infrastructure Demonstration for Energy Reliability and Security (SPIDERS)

- **Steve Widergren**, Pacific Northwest National Laboratory:

  Residential Transactive Control Field Results

- Christopher Colson and **Hashem Nehrir**, Montana State University:

  Real-Time Microgrid Power Management and Control with Distributed Agents

- **Jim Cale**, National Renewable Energy Laboratory**:**

  Evaluations of smart power applications at NREL
