

miniMAKEathon

a STEM event for
High School & College Students
Register at www.miniMAKEathon.org

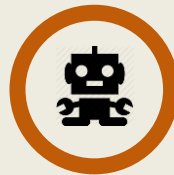

You Can **MAKE HACK BUILD**

A miniMAKEathon is a place where the only thing limiting what you **build/code/create/develop** is your own creativity – Join us for the weekend with the smartest people you'll ever meet, creating the coolest things you have ever created!
Win prizes!

Imagine - Innovate - Create

Track I: Codologie[®]: ICT (info & Communication Tech) IoT (Internet of things)
