Active Section and 19 rebate correct societies and affinity groups

## Lehigh Valley Section

Tony Sleva, remains Chair. Other offices don't want to move up

No Web Page; no volunteer to keep it active

Have met requirements for rebates for section and two societies, plus another one that is short one meeting.

Tony reports that meeting attendance depends on the circumstances.

3:00 meetings sponsored by Lehigh net about 15 attending

6:30 meetings (after work) also net about 15

1:00 meetings at a company site, where the company gives time off  
can net 80 attending.

Tony would like some resource that gets a “draw” speaker, and with topics of interest to wives.

Had good results : joint with other society meetings (ASME, SPIE)
