

WordPress Hands-on Session

WORDPRESS

Demo sites

- ▶ Log into one of the following demo sites with username=**wpdemo** and password=**IEEER2demo**
 - <http://sites-qa.ieee.org/d1/>
 - <http://sites-qa.ieee.org/d2/>
 - <http://sites-qa.ieee.org/d3/>
 - <http://sites-qa.ieee.org/d4/>
 - <http://sites-qa.ieee.org/d5/>
 - <http://sites-qa.ieee.org/d6/>
 - <http://sites-qa.ieee.org/d7/>
 - <http://sites-qa.ieee.org/d8/>
 - <http://sites-qa.ieee.org/d9/>
 - <http://sites-qa.ieee.org/d10/>

Tasks

- Permanently delete existing Pages
- Activate the IEEE Section theme.
- Create a page called, "Home", "About", "News" and "Contact". Add texts and pictures.
- Create a post called, "IEEE R2"
- Delete the existing Menu and create a top navigation menu and add all 4 Pages to it. Set it as Primary Navigation
- Set "Home" as the frontpage and make "News" the Post page.
- Change the site's title , change the site's email address and remove the tagline.
- Activate the "All-in-One Event Calendar" plugin and pull in a vTools Meetings iCal feed. Add a link to your section's vTools Meetings page.
- Activate the Gravity Forms plugin and create a contact form. Add this form to the "Contact" page.

Tasks continued

- ▶ Create a left menu by using the Custom Menu Widget and placing it in the Left Sidebar.
