## RTSS 2012 — CALL FOR WORKSHOP PROPOSALS

Web site: [www.rtss.org](http://www.rtss.org)

---

The Real-Time Systems Symposium (RTSS) is the flagship conference of the IEEE Computer Society Technical Committee on Real-Time Systems. The 33rd edition will take place in San Juan, Puerto Rico, from December 4th to December 7th, 2012.

Continuing a successful tradition, RTSS12 organizes one-day workshops on December 4th. The purposes of the workshop are:

- to strengthen interactions between the real-time community and other related research areas;
- to create a stimulating environment that facilitates the discussion of open or hot research topics.

Researchers and practitioners are invited to submit workshop proposals. Proposals should consist of two parts. First, a short scientific justification of the proposed topic, its significance, and the particular benefits of the workshop to the research community, as well as a list of previous or related workshops (if any). A second, organizational part should include:

- contact information of the workshop organizers.
- estimate of the audience size.
- proposed format (contributed short papers or long abstracts, invited papers, open discussion, keynote speakers, etc.)
- potential invited speakers, if any.
- proposed sponsorships, if any.
- procedures for selecting papers and participants, if any (program committee, review process, etc.)
- plans for dissemination, if any (website, special issues of journals, etc.).
- special technical or audio/video needs.
- any other relevant information.

Submission of proposals should be made by sending an email to Enrico Bini ([bini@control.lth.se](mailto:bini@control.lth.se)).

---

Important dates:

Proposal submission deadline:	May 20th, 2012
Notification:	May 31st
Workshop website on-line, CFP out:	June 30th (+/- few days)
Workshop papers submission deadline:	September 15th (+/- few days)
Workshop papers notification:	October 15th (+/- few days)
Workshop papers camera ready due:	October 22nd
Early registration:	October 22nd (tentative)
Workshop:	December 4th
RTSS12:	December 5th–7th

---

Workshop selection committee members:

- Enrico Bini, Lund University, Lund, Sweden (Workshops chair)
  - Chenyang Lu, Washington University, St. Louis, USA (Program chair)
  - Luís Almeida, University of Porto, Portugal (General chair)
-
