

IEEE Standards Process Resources with Video links

Ample information can be found by visiting on IEEE-SA Website (<http://standards.ieee.org/develop/index.html>).

However, if you are looking for specific training materials, that are needed by interested participants of your committee on standards, Jon Goldberg, IEEE-SA Program Manager for C/LT, can be contacted.

Here are the sample resources found on IEEE-SA Website;

- [IEEE-SA Working Group Chair Quick Reference Guide](#)
- [Best Practices for IEEE Standards Development](#)
- [Next Steps Kit - Guide for Publication, Awards and Maintenance](#)
- [Video #1 Getting Started with the Template](#)
- [Video #2 Composing Your Draft in the Template](#)
- [Video #3 Adding Figures & Tables in the Template](#)
- [Video #4 Adding Annexes, Creating a Bibliography, and Inserting Cross-References in the Microsoft Template](#)
- [IEEE-SA PAR Submittal Process](#)
- [FAQ: PARs, the PAR Form & Continuous Processing](#)
- [IEEE-SA Project Numbering Policy](#)
- [IEEE Working Group Process](#)

Also please visit [IEEE Standards University](#) which offers programs on Standards.
