Price Restriction by IEEE Member Grade

Specify who qualifies for a given price level based on association with IEEE or **member grade**.

Example: You can provide discounted pricing to IEEE members with deepest discount offered to IEEE student members.

Registrants will be required to provide their member number to qualify for the discounted price level. The system will use the member number to check the registrant's member status (active/inactive) and current member grade.

Note: Refunds are issued by organization hosting event. Refunds are not processed through vTools.

Time of Payment -

Selection of "This fee is NOT required at time of registration" will provide registrants the option to pay the fee during registration or only register for your event.

Make fee optional -

An example would be if you wanted to charge a fee for an optional dinner. If you choose to select this option, registrants will be able to register for the event without making a payment.
