The IEEE 5G 2nd World Forum will feature scientific papers presented in various parallel tracks focusing on 5G Technologies, Security and Privacy. Invited top-level speakers will present fascinating 5G applications and current 5G interests in special vertical and topical sessions.

The IEEE 5G Summit will be an industry-centered event featuring three parallel tracks focusing on Hardware & Wireless, Network & Cloud as well as on Tactile Internet Applications. The IEEE 5G Summit also offers exhibitors an outstanding opportunity to showcase their products and applications to a vibrant and engaged audience and provides an ideal platform to reach hundreds of key decision makers involved in 5G.
